## REMEDIAL SOLUTIONS

### Roundtower Natural Hydraulic Lime 2: NHL 2

#### Feebly Natural Hydraulic Lime

- ✓ Used for internal plastering and externally
- ✓ Where the masonry is made up of a soft material

### Roundtower Natural Hydraulic Lime 3.5: NHL 3.5

#### Moderately Natural Hydraulic Lime

- ✓ Used mainly for masonry and external plaster works
- ✓ The most popular material for new build work.

### Roundtower Natural Hydraulic Lime 3.5 White: NHL 3.5 White

#### Moderately Natural Hydraulic Lime

- ✓ Another NHL 3.5 with the exception that it has a higher 'whiteness'
- ✓ And is useful when colour matching mortars

### Roundtower Natural Hydraulic Lime 5: NHL 5

#### Eminently Natural Hydraulic Lime

- ✓ This material is used in areas of high exposure such as in marine environments
- ✓ Wall copings, lime concrete, etc.

## REMEDIAL SOLUTIONS

### Reasons to choose Roundtower Limes

#### Feebly Natural Hydraulic Lime

There are many reasons for specifying and using Roundtower Natural Hydraulic Limes for restoration and conservation:

#### ✓ Old and New

Roundtower Natural Hydraulic Limes are suitable for building restoration and conservation. Equally, they are well suited for new construction and as mortars, plasters, concrete and grouts.

#### ✓ Choice

Roundtower has 5 different natural hydraulic limes. An NHL 2 (white), two NHL 3.5 (one white and one grey), an NHL 3.5 Premix and NHL 5 (bright). Roundtower also supplies Lime Putty. This gives the user the widest choice of material.

#### ✓ Natural

Roundtower Natural Hydraulic Limes are natural products. They contain no additives and are not blended.

#### ✓ No additives

no need to add pozzolans, cement, plasticizers, water retainers or waterproofers. Roundtower Natural Hydraulic Lime gives consistently high quality results.

#### ✓ Compatibility & Suitability

variety of strengths and colours available to suit existing mortar, whatever age.
